Welcome to Kaua'i

About Us

We are Ed Eaton and Jessica Silver, the husband-and-wife team that makes up Silver-Eaton Photography. We would love to photograph you and your family or friends as you play on the Garden Island's beaches, marvel at its canyons, or stroll through its gardens.

We believe the taking of photos should be fun rather than stressful. Your pictures should show you enjoying yourselves, not forcing smiles.

From first contact to final photo, our goal is to make this experience smooth and easy. We will talk to you about what you are interested in, and pick a spot and a time - typically an hour before sunset - that suits your needs. You may even opt to let us spend the day with you, capturing all the moments as they happen. The best clothing for photos tends to be in simple, solid colors; some groups opt to dress all in one palette.

The day after your shoot, one of us will meet with you to look at the results and help you choose your favorites. This is also an opportunity to discuss options such as a DVD slide show set to Hawai'iian music, a coffee table book, or other fun ways to share your memories with friends and family. Your images will be sent directly to your home shortly thereafter.

What Makes Us Different

We like to take photos that are action-oriented and that tell a story about the relationship between the people in the photo, rather than focusing exclusively on static, familiar poses. We welcome people of all ages and backgrounds.

We use 100% digital photography, allowing unprecedented control over the quality of your prints.

We offer a beautiful, dynamic DVD slide show of your best photos set to beautiful Hawai'iian music from "Na Mele O Kaua'i" by Norman Ka'awa Solomon, used by special arrangement with Songs of the Islands Music. www.songsoftheislandsmusic.com

We also offer a high-quality large-format coffee table book with the option of having the photos spread all the way to the edges of the pages.

Because Silver-Eaton Photography is our own business, you know we will make every effort to please you and to make the experience personal and fun.

We can communicate in American Sign Language.
Jessica parle un peu de français.

Our price list is on the back of this sheet.

Thank you for your interest in Silver-Eaton Photography!
