Welcome to Kaua'i!

We are Ed Eaton and Jessica Silver, the husband-and-wife team that makes up Silver-Eaton Photography. We would love to photograph you and your family or friends as you play on the Garden Island.

We believe the taking of photos should be fun and stress-free. Your pictures should show you enjoying yourselves, not forcing smiles.

What Makes Us Different

- Action-oriented photos that show the relationship between the people in the photo, rather than static, familiar poses
- 100% digital photography, resulting in unprecedented quality
- Dynamic DVD slide show of your best photos set to beautiful Hawai'ian music from "Na Mele O Kaua'i" by Norman Ka'awa Solomon, used by special arrangement with Songs of the Islands Music.

- Extra-large deluxe coffee table book with photos that spread to the edge of the pages
- Day-long option, in which we accompany you as you see the sights, capturing the moments as they happen
- People of all ages and backgrounds welcome
